

WOMEN AT MEN'S WORK

TEST BEING MADE AT FACTORY OF THE GLENDALE MILLING COMPANY

Some days ago the Glendale Milling Company advertised for women to assist in the manufacture of window screens. A visit to the factory disclosed the fact that two women brave enough and patriotic enough to take up the work of men are now employed there, suitably dressed in denim and khaki. It is a pleasant, airy place to work, fragrant with the scent of freshly sawed pine and the women declared they liked their work and did not find it more fatiguing than many kinds of domestic duty. They have been there but a few days and of course are learners, as neither one was experienced in mechanical labor, but C. U. Mandis, owner of the mill, expressed his satisfaction with their progress to date. He says they are careful and conscientious, which recommends them in his eyes for it is a point on which he places great emphasis. He says he pays labor by the day and not by the piece because under the system last named there is always a temptation to slight the job, and that may bring about serious loss to a manufacturer who is trying to build up a business through the excellence of his product. Mr. Mandis takes great pride in his output, for which he says there is an increasing demand, and he does not wish to take any course which will jeopardize the reputation it has acquired. "We feel," said he, "our employees will do better work if they are not rushed."

One of the women workers assembles the frames and drives in the dowels which fasten them together. When she has finished with a frame the holes are plugged to make it watertight. It then goes to the wiring man, who cuts the screen to the proper size and by means of a machine with a revolving disk the edges of the wire are forced into a groove in a manner which stretches it tight over the frame and holds it closely. It is then passed to the second woman employee who fastens mouldings over the groove and edges of the wire with small wire nails which she drives in with quite a practiced hand.

Mr. Mandis says he started the business two years ago and is well satisfied with its development as it is growing steadily and now keeps five employees busy.

The use of women is of course an experiment. He feels the lack of equipment he would like to have for their comfort but does not feel justified in making any radical changes until he has tested thoroughly their ability to meet his requirements. So far he is well satisfied with the trial.

FREE EXCHANGE OF NUMBERS

It has been suggested that all persons who wish to exchange house numbers may bring them to the Evening News office where the exchange will take place. Be on hand early Friday, tomorrow, with your old numbers that are not suitable and select the ones you need.

THE RAILROAD TOWER

DIFFERENCE OF OPINION IN REGARD TO THE COST OF REMOVAL

There appears to be a difference of opinion in regard to the bill for moving the S. P. tower at Brand and the railroad crossing from its old stand. From the verbal testimony and the records of officials of the former city of Tropic it would seem that the understanding based on estimates by the railroad's engineers was that the cost would approximate \$700. When the work was done the Tropic City Engineer, William C. Wattle, inspected it and expressed the opinion that it should not have cost to exceed \$400. Now a bill for approximately \$1000 has been presented to the city by the railroad, now under government control, and an investigation is being made by the Board. In a letter from Mr. Wattle read at a recent meeting of the Board, he confirmed his estimate of the reasonable cost of moving the tower and advised that an itemized account of the work be secured from the railroad company before the bill is paid. The transfer of the building was a minor part of the operation, the changing of signal and switch connections with the tower was the big job which railroad engineers claim was more difficult and expensive than Mr. Wattle has estimated. The matter was referred by the Board to City Manager Watson, and will probably come up again at the next regular meeting of the Board.

CORPORAL McELROY

LETTERS RECEIVED BY HIS PAR-RENTS TELL OF TRIP ACROSS AND HIS IMPRESSIONS

Extracts from letters received from Corp. Harold A. McElroy, Hdq. Sup. Co. 2nd A. A. Battalion.

"An Atlantic Port. "By the time this letter reaches you I will be in some Atlantic port on the other side.

"I feel just as safe on this mammoth boat as on a train for it is well protected with guns and will undoubtedly be conveyed.

"Am on transport and nearly at the end of our voyage. Have not been sick although I felt a little rocky a couple of times. The sea has been rather choppy most of the way, but this is such a big boat that it does not rock much. They say it is the third largest ship afloat.

"Am still on board the transport, but we are safely anchored in a French port, and it is some busy little port, too, quite different from Pedro.

"The country sure looks pretty from here, all the farms green and well kept, with hedges around them. Almost all the buildings are stone. The weather here reminds me of Montana—long twilights.

"We are at last at our permanent headquarters 'somewhere in France.' We sure have covered a lot of this old world since I saw you on Decoration Day.

"After landing we went to a rest camp for one day. We were quartered in a very old French fort. It had a high wall all around it. The buildings were put together without a nail. They said that Napoleon's soldiers stayed there, and I believe it.

"We then took a train ride of nearly two days and surely saw a lot of this beautiful country. All the farms are small and well kept. I never saw grain stand so thick, and it is all cut by hand. There are lots of wild flowers, especially poppies, but the red kind. They stand as thick in lots of the fields as the yellow ones do in California. All the houses are built of stone with red tile or slate roofs, and nearly all the streets are paved with granite blocks.

"On Sunday, in the larger cities, the people dress just about like Americans, but in the country, on week days, the poorer people dress just like the pictures you see of the peasants, with little white caps and wooden shoes. Every member of the family works from light to dark, and that is from about 5 a. m. to 10:30 p. m.

"We are located about 6 1/2 miles from Paris and can go there on Saturday and Sunday, on pass, or to neighboring towns every night.

"There have been a couple of air raids on Paris since we came. One night I got up and watched the anti-aircraft guns firing at them. It sure is a pretty sight to watch the barrage at night. They passed close enough once so I could hear the hum of the motor and hear the shrapnel balls falling through the trees and hitting the pavement of the street in front of the house.

"I spent yesterday in Paris. It is sure some beautiful city. I spent most of my time out at a big park where Napoleon's tomb is. There is a large museum, with war trophies dating back nearly six centuries. The large Ferris wheel and Eiffel tower are located at this park.

"I also went into a couple of old cathedrals, wonderfully finished, with beautiful paintings done right on the walls.

"There are soldiers of almost every nationality to be seen on the streets. Some of the uniforms sure look peculiar to an American.

"I believe there are more American flags decorating Paris than I ever saw decorating an American city for a festival."

AUTO ACCIDENT

An automobile accident which occurred on San Fernando road Tuesday night about 9 p. m. resulted in a considerable amount of damage which will make business for repair shops but no loss of life. According to records in the office of Chief of Police Herald, Mrs. L. Geovinnazzo of 815 North Broadway, Los Angeles, who was driving south on San Fernando with several people in her car who appeared to have been drinking liquor of some sort, attempted to pass between a car driven by W. R. Jarrett of Los Angeles, also going south, and a Republic truck loaded with ice and with trailer attached, which was driven by S. Fries and owned by Harry Houston of San Fernando road. The truck was going north. In the mix-up she hit the truck and wrecked her own car and damaged the truck. Officials who made the investigation think she was travelling at a pretty rapid rate, but she claimed a speed of only ten or fifteen miles an hour.

FIFTY-SIX KILLED IN ACTION

FIVE HUNDRED AND SIXTY-NINE NAMES IN CASUALTY LIST REPORTED BY WAR DEPARTMENT TODAY

(Special Service to Glendale Evening News)

WASHINGTON, September 12.—Today's casualty list contains the names of 56 killed in action; missing in action, 102; wounded severely, 358; died of wounds, 26; died of disease, 11; died of aeroplane accident, 1; wounded severely in aeroplane accident, 1; wounded degree undetermined, 13; died from accident and other causes, 1. Californians named in the list:

Wounded severely—Peter Olsen, Ferndale; Frederick C. Byrne, San Francisco; Eugene De Soto, Oakland; Edwin C. North, Red Bluff; Louis C. Schaefer, San Francisco; Thomas K. Pinder, Richmond.

Missing in action—Tony Rampone, Oakland; William H. Bel-lows, Sacramento; Harry Martin Mattson, San Francisco; Lauren W. Weller, San Francisco.

Wounded degree undetermined—Major T. Creswell, San Francisco.

GREAT AMERICAN OFFENSIVE LAUNCHED

AMERICAN ARMY UNDER GENERAL PERSHING BEGAN ATTACK BETWEEN MEUSE AND MOSELLE RIVERS

(Special Service to Glendale Evening News)

WITH THE AMERICAN ARMY ON THE METZ FRONT, September 12.—The American First Army, General Pershing commanding, launched the first great American attack of the war at five o'clock this morning between the Meuse and Moselle rivers.

They struck the first blow on a ten-mile front and at an early hour had captured ten villages.

The French are assisting to the right and left of American forces. The largest number of Americans who have yet been engaged at the front, is being used.

The initial advance covered several miles. The Americans are driving at limited objectives.

Throughout the morning the attack developed, extending to the western side of the St. Mihiel salient and the French and Americans co-operating drove the enemy back over a ten-mile front.

Everything within the salient has been brought under allied fire. Airplanes bombed the railway centers and bombed munition stores. Over one hundred planes manned by Americans aided in smashing the concrete reinforced line.

During the attack the Americans kept their observation posts shrouded in smoke to prevent the Germans from seeing what the Americans were doing.

Four hours of the most violent bombardment preceded the attack.

Many prisoners have been taken.

PROGRESS TOWARDS ST. QUENTIN

BRITISH FORCES TAKE ATTILY, VERMAND AND VENDELLES WEST OF ST. QUENTIN

(Special Service to Glendale Evening News)

LONDON, September 12.—Field Marshal Haig today reported that the British have captured Attily, Vermand and Vendelles, northwest of St. Quentin.

In the Cambrai region the British crossed the Nord Canal. In Flanders the British occupied the railway triangle southwest of La Basse.

"SITUATION GOOD" SAYS LLOYD GEORGE

DECLARES ONLY NATIONAL HEART FAILURE CAN NOW PREVENT REAL VICTORY

(Special Service to Glendale Evening News)

MANCHESTER, Eng., September 12.—Premier Lloyd George today declared: "The situation is now good, really distinctly good. The worst is over." He said the casualties of the last advance were but one-fifth of the total suffered in a similar advance in 1916.

"When the British suffered reverses in March," he said, "we still had large reserves," and that those who criticised the government for its alleged failure to use the reserves deserved thanks for so successfully misleading the Germans.

"Only national heart failure can now prevent real victory," he said.

LOS ANGELES AVIATOR KILLED

MACHINE TAKES FIRE AT HIGH ALTITUDE NEAR BEAMVILLE AERO GUNNERY SCHOOL

(Special Service to Glendale Evening News)

ST. CATERINES, Ont., September 12.—Second Lieutenant R. L. Jacks of Los Angeles and Cadet Boufield of Manitoba met death when their machine took fire at a high altitude near the School of Aero Gunnery at Beamsville. Lieutenant Jacks' brother is W. B. Jacks of 2220 Santa Fe avenue, Los Angeles.

CITY TRUSTEES

PROVIDE FOR AUDIT OF CITY ACCOUNTS AND ARRANGE PURCHASE OF TRANSFORMERS

The Board of Trustees of the City of Glendale assembled at 7:55 p. m. Tuesday, September 10, 1918, in an adjourned session pursuant to motion adopted at the last regular meeting. All members were present.

Trustee Shaw made a report on the audit of the City books. He presented bids for the work as follows: Arthur M. Loomis, \$20.00 per day for his personal services, and \$10.00 per day for an assistant, guaranteeing that the cost of the work shall not exceed \$375.00.

A. A. Dechene, offering to do the work for the sum of \$650.00 or upon the basis of \$15.00 per day per man, plus transportation charges.

Baskerville Auditing Co., for the auditor in charge, \$15.00 per day, and \$10.00 per day for an assistant.

E. W. Brooks, auditing charge of \$10.00 per day.

On motion of Trustee Henry, it was ordered that the work of the auditing of the City books be given to Mr. Loomis, by the following roll call, Jackson, Henry, Muhleman, Shaw, Woodberry. All voting aye.

On motion of Trustee Shaw it was ordered that the following transfers be made:

From the Public Service fund to General Budget fund—\$1,000.

From Insurance Reserve fund to General Budget fund—\$2,194.46.

From Insurance Reserve fund to General Service fund—\$40.36;

said sums so transferred from the Insurance Reserve fund to be re-transferred as soon as money is available in the funds to which same is transferred.

On motion of Trustee Shaw the City Manager was authorized to sell the Liberty Bonds belonging to the City to the amount of \$2,000.00, by the following roll call: Jackson, Henry, Muhleman, Woodberry, all voting aye.

Demand No. 7430 (Pay Roll) was reported back from the finance committee, approved and warrants issued for payment of same by the following—(Continued on Page 4)

NEWS OF FRANCY BOYS

According to their mother's report, the Francy boys are still at Camp Lewis in the Quartermaster's Department, longing to go overseas but with no immediate prospect of realizing their wishes. Mrs. Francy has been in the North for four months visiting her sister, who lives in Kent, a suburb of Seattle. Her sons frequently spent the week ends there with her, so when she returned to Glendale last Saturday she brought direct news from them. She says the life agrees with them and both look and feel fine. She reports that 60,000 soldiers are in Camp Lewis now and the government is preparing to enlarge it. A patriotic citizen has donated to the government a large acreage for camp purposes and this will be improved. Materials for the buildings to be erected were being assembled when she last visited the camp. This will of course make more work for the quartermaster and all men under him. Because of these contemplated improvements, Mrs. Francy thinks her boys are not likely to go forward until this work is done.

A CALL TO PATRIOTS

Tonight is the night of the big Community Sing at Glendale Union High School, the music beginning at 7:45. Mrs. Hagood, secretary of the organization, reports that there will be solos, as there were last time, of the very best of the war music. On this big day in the nation's history, when its man power old and young is responding to the call to the colors, what more appropriate action could our people take than to gather at our public school auditorium and sing the patriotic songs of our country? No loyal citizen or lover of liberty can afford to stay away tonight.

DEATH OF CAPTAIN C. H. LIND

Captain Charles Hugo Lind, husband of Mrs. Emma Lind, and brother of Mrs. E. Franklin of San Francisco and Mrs. Tom Markenson of Alaska, passed away at his home, 429 South Kenwood street, Glendale, September 11th, 1918, at the age of 53 years. He came to this city last February in the hope of recovering his health, but was too weak to rally. Funeral services conducted by Rev. R. W. Mottera will be held at the parlors of the Jewel City Undertaking company Friday morning at 10:30 o'clock.

WEATHER FORECAST—Fair tonight and Friday. Cooler. Southwestly winds.

WAR REGISTRATIONS

EXEMPTION BOARD PUTS FINISHING TOUCHES TO PREPARATIONS FOR BIG DRAFT

According to off-hand statements of members of the local Exemption Board, about 300 registrations under the new draft bill have been made by the Board within the past week, all of them being men who claimed it would be impossible for them to be in Glendale and register on the 12th.

Though every one was exceedingly busy at headquarters and registrars coming and going to take oath or secure supplies, it looked Wednesday night as though every provision had been made for the big registration of today.

Wednesday morning fifteen of the men who registered August 24th passed through the hands of examining physicians. Eight were found physically fit for Class 1, one had a remedial defect, two were placed in the Limited Service Class, others were disqualified. There were but twenty-four August registrants and several of them have already been inducted.

A telegraphic order received by the Board yesterday from Marshal General Crowder, instructed it to register Jugo Slavs, who, it would appear, are now recognized as allies.

Rollo La Porte of Eagle Rock has been assisting the Board for several days.

DEATH OF MRS. GUNION

Mrs. Catherine Gunion, wife of Martin Gunion, died September 11, 1918, at the family residence, 129 Orange Grove avenue. Mrs. Gunion was born in Scotland and has lived in Glendale for the past ten years. She leaves one son, Bernard Gunion, a senior in the Glendale Union High School.

The funeral will take place from the Holy Family church Friday, September 13, at 9 a. m. Interment at Forest Lawn Cemetery, Tropic, with Scovern, Letton & Frey in charge.

BIG ENROLLMENT AT HIGH SCHOOL

That parents in Glendale are heeding the President's exhortation to keep their children in school, is evident from the enrollment in the Glendale Union High School, which is over 600, according to general statistics furnished by Business Manager Irving Oliver. This is about seventy more than last year and indicates that practically all the graduates of the Intermediate School are going on with their education.

EARLY REGISTRANTS

Arthur S. Dudley, assistant secretary of the Los Angeles Chamber of Commerce, who resides at 1311 Windsor road (West 9th street), was the first to register in his precinct this morning. Indeed, he helped the registrars open up. Dudley has always demonstrated that he is a good citizen, and he was no slacker in this. Another man who was early at the polls was H. D. Smith, of the Bank of Glendale, who was first at his precinct.

RED CROSS BOARD MEETING

A meeting of the Executive Board of Glendale Chapter, American Red Cross is called for Friday evening, 7:30 o'clock, at the Red Cross headquarters, 340 S. Brand Boulevard. J. H. BRALY, Pres. MRS. H. S. DUFFIELD, Secy.

HOME SERVICE

RED CROSS DEPARTMENT TO LOOK AFTER WELFARE OF SOLDIERS' DEPENDENTS

The Home Service work of the Glendale Chapter of the American Red Cross was reviewed today by Miss Elizabeth B. Skeele, Supervisor of Home Service from Pacific Division Headquarters, San Francisco. Miss Skeele reports that the work has a splendid start under the leadership of the Home Service Section.

Mrs. Brown's home is now the headquarters until arrangements can be made to have a separate office at Red Cross Headquarters.

The Home Service Section is equipped to give the latest information on government allowances and allotments, insurance and compensation, to hasten the delayed payments of allotments, to secure free medical and legal advice for the families of our soldiers and sailors. They are anxious to have these families take advantage of this service and can assure them that everything is done in a most sympathetic and confidential manner.

Damasco Court and Blanche Avenue to Maryland Avenue.
Lot A. of Witham Tract to be named Chestnut Street, be-
ing a continuation of said street.

PAN-AMERICAN REPUBLIC

Remarks of Secretary of State Lansing at the dinner given in his
honor by the Uruguayan Minister of Foreign Affairs at the Pan
American Union, August 27, 1918:

Your Excellency and gentlemen: It is with a sense of hesitation
that I address you after you have listened to the eloquent words of
our distinguished host, whose powerful appeal for international justice
and for fraternity between nations can not be improved by any-
thing that I might say.

Yet I would deny my own feelings were I to remain silent on a
theme so dear to the heart of every American who looks into the fu-
ture with hope and confidence. However great the confusion of the
present day in the affairs of men, however concentrated are the
thoughts and energies of Americans upon the terrible task which is
ours as a people, however intense the passion for sacrifice and ser-
vice in our holy cause, we look forward through the tempest of bat-
tle to the calm which lies beyond, where reason will again become
supreme over the nations.

Today this country thinks war, breathes war, lives war, not be-
cause we love to slay men or lust for conquest, but because the path
of enduring peace for this world lies only across red battle fields. We
are fighting to rid the world of the greatest enemy of international
peace and fraternity that has ever sought to trample upon liberty and
right. We shall go forward until we reach the heights which are be-
yond the grim scenes through which humanity is living in these days
of war.

In this struggle for the salvation of liberty the American Nation
has found strength and comfort in the sympathy of other great Re-
publics in this hemisphere; but none has understood our motives bet-
ter than the Republic of Uruguay and Uruguay's statesmen. Our
hearts glow with the consciousness that the prayers of Uruguay are
ours.

It is the fraternal spirit, the appreciation of liberty and all that
liberty means, and the devotion to eternal justice so eloquently pro-
claimed by our host tonight, upon which the nations must build a
new world dedicated to righteousness and peace.

These lofty ideals are the vital principles of Pan Americanism.
In the Americas they have taken root and are already bearing fruit.
It is for us to scatter the seeds throughout the earth until all na-
tions learn the truth and unite with us in submitting to the bonds
which make all peoples free.

Your excellency, I can not refrain from expressing my sincere
admiration for the nobility of your thoughts tonight. They will find
an echo in the heart of every man who loves his fellow men and who
longs for the day when peace and prosperity again come to this
bleeding and exhausted world. In the name of the President and
of the American people, I thank you. As an apostle of Pan Ameri-
canism and of world unity, as a prophet of a glorious future for man-
kind, you will be remembered when you have left our shores. But
above all we, who have met you face to face, will ever think of you
as the generous and sincere friend of the United States—a friend up-
on whom we can always depend, because he knows us and under-
stands us.

I give you the toast—Uruguay, her President, and the distin-
guished statesmen who are the guests of the United States.

STATE SERVICE FLAG

A State service flag containing the numerals "100,000" across the
white field has been raised above the State Capitol. This service flag
will represent the California boys who have answered their country's
call since the United States entered the great struggle. Estimates
on the enlistments already have been received, and unless additional
boys are discovered to be in the service the numbers on the flag will
represent 100,000 boys of this State who now wear the khaki or the
navy blue.

California's war service flag is 15 feet long and eight wide and
each of the 58 counties of the state is represented by a star. A panel
in the center shows the number of men in the various branches of the
service and the number who have made the supreme sacrifice. The
bunting was made by the convicts at San Quentin prison, who were
thus given a chance to do some patriotic work.

AIR LANDING IN OAKLAND

Establishment in East Oakland of a landing station of the United
States air service training department for travel between Sacra-
mento and San Francisco and San Diego is assured. Mayor John L.
Davie has conferred with Mrs. J. Farley, owner of the proposed site
at One Hundred and Fifth avenue and Knight street, and reports
favorably on the acquisition of the property for Government utiliza-
tion. Plans are now being made for the final leasing of the property.

TOMORROW NIGHT, FRIDAY, 8 P. M.
FIRST M. E. CHURCH, GLENDALE

CARING FOR ORIENTALS

Thousands of Armenian refugees at Port Said and many home-
less families in or near Jerusalem are now being cared for by the
American Red Cross according to cable advices just received by the
war council from the Red Cross Commission to Palestine, headed by
Dr. John H. Finley. The relief work was undertaken at the request
of Gen. Allenby, and is being carried on under the direction of the
military governor.

The Red Cross has established a general dispensary and hospi-
tal with a children's clinic in Jerusalem. Hundreds of persons have
already received treatment there. At the request of the government
of Jerusalem the organization has taken over two orphan asylums
with 400 children. Three hundred Russian refugees are also being
cared for in Jerusalem by the Red Cross.

COTTON IN GLENN COUNTY

A number of Glenn rice farmers are now making plans for ex-
tensive cotton plantings next year on land used this season for rice.
The successful experiments in Butte county are responsible for the
decisions of several to try this southern crop. About 2,000 acres of
cotton are considered necessary in one locality to insure the eco-
nomical operation of a cotton gin.

SEVENTEEN-YEAR-OLD BOY CRIED LIKE CHILD

Charles Rossback, a 17-year-old repentant patriot, cried like a
child when he appeared before United States Commissioner Francis
Krull and was ordered to tell aloud in court Edward Everett Hale's
story of the "Man Without a Country." Commissioner Krull had
sentenced the boy to memorize the story by reading it aloud to
his parents when he was arraigned before him on the charge of
uttering disloyal remarks. "Have you carried out the instructions
to learn this story by heart?" asked Commissioner Krull. "I have,
your honor," answered the boy, "but I want to say first that I have
always been a loyal American in my heart. My tongue simply ran
away with me when I said I didn't give a — about the country."
"Let me hear you tell Hale's story in your own words then," ordered
Commissioner Krull. The boy, in simple language, gave a straight-
way description of the classic, but his voice broke when he began
to recite the stanza of Sir Walter Scott that is a part of it. In a
few moments emotion had overcome him, and the tears streamed
down his face. He brushed the glistening drops away and tried to
go on with the lines, but his voice choked. "That will do," said Com-
missioner Krull. "Those tears convince me you have caught Hale's
message and I will recite the line for you. You may then return
home." Rossback struck an almost reverent attitude as Commis-
sioner Krull repeated the moving lines of Scott:

Breathes there the man with soul so dead,
Who never to himself hath said,
This is my own, my native land:
Whose heart hath ne'er within him burned,
As home his footsteps he hath turned,
From wandering on a foreign strand?
If such there breathes, go mark him well;
For him no minstrel raptures swell;
High though his titles, proud his name,
Boundless his wealth as wish can claim;
Despite these titles, power and pelf,
The wretch, concentered all in self,
Living shall forfeit fair renown,
And doubly dying shall go down
To the vile dust from which he sprung,
Unwept, unhonored and unsung.

That twelve times as much freight was carried by motor trucks
over the highways between Baltimore and Belair, Md., as was car-
ried in the same period by the parallel railroad, is shown by a census
of the Maryland State Roads Commission for the year that ended
May 31, 1918. The motor-truck freight traffic increased 480 per cent
in this period, and the average gross tonnage carried was 2644 per
12-hour day. The average number of vehicles using the road ex-
ceeded 1000 per 12-hour day. Another traffic census of the Lincoln
Highway, between Chambersburg and Bedford, Pa., taken by the
Pennsylvania Highway Department, shows an actual saving of 39,
923 ton-miles a day.

The Sacramento river has reached
the lowest mark recorded since 1854.
At low tide the water level was only
2.2 ft. A tidal range with an influ-
ence of a foot a day is now recorded
in the river at Sacramento.

Willits, Calif., now has a lady mail
carrier. Miss Jessie Turner has re-
ceived the appointment of town car-
rier which Will May resigned a few
days ago. Will May will leave for
San Francisco, where he expects to
enlist in the navy.

Personals

Mr. and Mrs. W. L. Weller of Long
Beach, cousins of Mrs. Ed M. Lee,
have been guests at the Lee home,
103 Belmont street, the past few
days.

Mrs. George Phillips is recovering
from a slight operation at the home
of her mother, at 119 East Third
street. She expects to be out in a
few days.

Miss Beth Moore of Thornycroft
Hospital has been taking a short va-
cation, spending a few days with Mrs.
Ed M. Lee, 103 Belmont, and is now
at the beaches taking a well-earned
rest.

Henry Laurence of 109 North Is-
abel street, who left a few weeks ago
on an extended visit to Welland, Can-
ada, has arrived safely at the home
of his mother, and reports a very
pleasant trip.

Friends have received a card from
Mrs. Perry E. Maxwell, who with Mr.
Maxwell left Glendale recently to
make their home in Illinois, announc-
ing their safe arrival at Table Grove,
Illinois, which will be their present
address.

The Men's Brotherhood of the
Glendale Lutheran Church met in the
church parlors Monday night. It was
a business session and plans for the
betterment of the Brotherhoods of
the community and for increasing
their interest and membership were
discussed.

Miss Ruth Palmer, 116 West Col-
orado street, will attend the Univers-
ity of Southern California this year,
having enrolled as a student at the
College of Fine Arts, of which Will-
iam Judson, the artist, is dean. Miss
Palmer graduated at the Glendale
Union High School last June.

Miss Ida Waite, principal of the
Colorado street school, arrived this
Thursday, noon from the North,
where she has been visiting her sister
at Cashmere Washington, for three
weeks. She stopped at Portland on
the way up for the G. A. R. encamp-
ment, where she met several Chi-
cago friends.

You all know the little lady on a
package of Baker's chocolate, don't
you? Now if you will come to the
Harvest Festival September 20 and
21 for the benefit of the Red Cross,
you will see this dainty little lady
and be served by her in person. She
is no other than Mrs. Martha Mor-
ris, who will be assisted by Mrs.
Pearson.

Mr. and Mrs. M. E. Jacobson and
little daughter Mildred, who have
been living at 423 East Third street
the past year, leave Thursday for
their old home in St. Louis. Mr. and
Mrs. Jacobson have made many
friends during their stay in Glendale
who hope they will return to Califor-
nia to make their home at some fu-
ture time.

Mr. and Mrs. H. S. Parker and
daughter Miss Bessie Parker, whose
native home was Illinois, but who
had resided in El Reno, Oklahoma,
for eighteen years, arrived in Glen-
dale Thursday of this week and it is
their intention to make their perma-
nent home in this city. Mrs. Parker
is a sister of A. T. Cowan and Miss
Elizabeth Cowan of 114 Orange
street, and Mr. Parker is Mrs. Cow-
an's brother.

Relatives of Joe and Frank Fang-
man, whose home is on Kenneth
road, this city, report the receipt of
letters yesterday stating that both
were well and excellently cared for.
Both are in France and near enough
to communicate with each other but
not together. Briefly their letters
testify to "good eats" three times a
day and to the beauty of the coun-
try. They admonish their mother
not to worry about them and say they
are far from the fighting line.

Yeoman Charles Shropshire is now
in Chicago awaiting the completion of
repairs on a transport on which he ex-
pects to "go across." It seems a lit-
tle odd that the work should be done
at an inland city, but such is the case,
the vessel having been brought
around through the chain of Great
Lakes. He has been in the windy city
for about five weeks and writes that
it has been intensely hot there. He
has had a good time, however, as his
friends, Mr. and Mrs. Arthur Knight,
who were former residents of Glen-
dale, live in Chicago and have made
it very pleasant for him.

Mrs. Charles H. Temple and chil-
dren, Marjorie and Charles, of 301
Orange street, returned Monday from
a most delightful summer outing
which was spent in the North. Leav-
ing Glendale June 4, Mr. Temple
drove the party in his auto to a camp
on the Russian river, leaving them
there, where they remained for the
month of July. The first of August
Mrs. Temple and children came to
Berkeley and spent the month around
the Bay cities. Mr. Temple joined
the family later and they motored
leisurely down the coast, stopping a
few days at Monterey. Altogether
the outing was a most agreeable
change.

Rev. W. J. Marsh, acting pastor of
the Glendale Congregational Church,
spent Wednesday in Redlands.

Beginning September 27, the Hon.
J. Stitt Wilson, who will speak at the
First Methodist church on Friday
evening in the interest of the "Dry
Campaign," will be employed by the
Government to speak in the interests
of the Fourth Liberty Loan Drive.
Mr. Wilson was one of the most ef-
fective speakers in the previous Lib-
erty Loan campaigns and is recog-
nized as an orator of ability.

Mr. and Mrs. W. L. Nelson, 328
South Cedar street, have returned
from San Francisco, where they went
last Thursday to visit their son, El-
mer O. Nelson, who is stationed at
Ft. Winfield Scott. Elmer is in the
4th Company Coast Artillery and at
present is in the plotting depart-
ment. Mrs. Nelson reports that the
location of the fort is ideal and that
conditions are in every way excellent.

P-T. A. LUNCHEON

Mrs. C. M. Vandyke, President of
the Columbus avenue Parent-Teacher
Association, was the hostess on Tues-
day at a most delightful luncheon at
her home, 1430 West Third street,
the guests being members of her ex-
ecutive board and other prominent
workers in P-T. A. work. The
luncheon, with patriotism as its note,
was enjoyed by the following mem-
bers of the board: Mrs. C. M. Van
Dyke, the hostess, president; Mrs. A.
R. Chappell, vice-president; Mrs.
John Robert White, secretary; Mrs.
W. T. Sprowls, treasurer; Mrs. H. A.
McPherson, auditor; Mrs. Chas. L.
Chandler, chairman pins and mag-
azines; Mrs. H. G. Horsford, visiting;
Mrs. Arthur C. Brown, legislation;
Mrs. George Blech, juvenile work;
Mrs. J. E. Bellue, publicity; Mrs. C.
H. Thompson, membership.

The guest list comprised the fol-
lowing: Mrs. A. A. Barton, president
of the Glendale Federation P-T. A.,
Mrs. Mabel Franklin Ocker and her
sister, Mrs. Frank Head of Ardmore,
Oklahoma, and Mrs. Gertrude Fol-
lansbee. Other members of the ex-
ecutive board for the coming year
who were unable to be present are
Mrs. I. S. Leavitt, patriotism, Mrs.
H. V. Henry, education, Mrs.
E. L. Young, philanthropic, Mrs. Ray
Phillips, domestic science, Mrs. R. M.
Brown, kindergarten, and Miss Lor-
raine Mitchell, playground.

THE ROMANY RYE

From the way in which hazy plans
are taking shape it looks as though
the Harvest Festival upon which
members of the Thursday Afternoon
Club are at work would be a real old
fashioned carnival. Being an out of
door affair there will be greater free-
dom and chance to frolic. Mrs. Bier-
bower who is the Queen Sylvia of the
Romany Rye Gypsy Camp is concen-
trating all her powers and recalling
all her occult lore. She will be the
chief seer of the camp, but will be
assisted by beautiful young women of
Glendale who are also gifted in the
same line and able to see into the
future for patrons who come to them
in the proper spirit and cross their
palms with silver. The out-door set-
ting on the High School grounds and
the properties which Mrs. Bierbower
has secured for this section of the
Carnival will make it one of the pret-
tiest of the many booths which will
surround the Pike.

The Maid of Honor who will be
Mrs. Bierbower's chief assistant in
the readings is Mrs. Kennedy. Young
ladies who are her understudies will
be Misses Violet Yorba, Caroline Mc-
Lean, Dorothy Kramer, Alice Kra-
mer, Billie Brock, Mrs. G. E. Whit-
temore, and Mrs. Agnes Thornton of
Los Angeles.

BILL STINGER HERE

Bill Stinger will be at the Tropico
Methodist church tonight, Thursday,
with a humorous talk, songs and re-
citations. Under his fun will be a se-
rious war message. He is one of the
4-minute men. No one should miss
this chance to hear him.

A recommendation that the State
Legislature pass a bill requiring men
more than 21 years old, who cannot
read or write, to attend school at
least eight hours a week, day or
night, until they are able to do so,
will be made at the biennial session
next January by Will C. Wood, com-
missioner of secondary schools, he
has announced. Commissioner Wood
recently visited the schools main-
tained at Balboa Park, San Diego,
Cal., for the instruction of draft sol-
diers in reading, writing and other
subjects.

Thirty thousand baby trout will be
planted in Forest Home Creek by
Deputy Bob Wells and Cecil Brand-
enburg of the State fish and game
commission. The mountain streams
of this locality are fast becoming a
paradise for fishermen on account of
the plentiful supply placed in the
streams from the Bear valley hatch-
ery.

Dr. J. M. Beach, poultry specialist
of the University, is prepared to give
pointers on breeding stock free from
disease, to any poultry raiser desir-
ing the information, which will cost
the recipient nothing.

Mrs. Laura Jones, teacher of piano,
118 W. Third street, wishes to an-
nounce to pupils and patrons that the
fall term opens next week. Those hav-
ing particular choice of hours better
make application at once. Phone Gl.
525-J. 8t4

RED CROSS EVENTS

Sept. 20 and 21—Community Har-
vest Festival.

Persons planning Red Cross enter-
tainments are requested to have dates
reserved by telephoning Mrs. Mabel
Franklin Ocker, chairman of Bureau
of Entertainments, Glendale 918-J.

MRS. BARTON ENTERTAINS

Presidents of the nine P-T. A. or-
ganizations of this city were enter-
tained Wednesday at an informal one
o'clock luncheon by Mrs. A. A. Bar-
ton at her home, 330 North Howard
street. Mrs. Barton is now president
of the Glendale Federation of Parent-
Teacher Associations and all last year
was the local representative of the
County Council of Defense on Food
Conservation. It was to be expected
therefore that she would serve just
the sort of refreshments she did, con-
forming strictly to Mr. Hoover's rec-
ommendations. The discussions which
followed the luncheon relative to
plans for the coming year also were
in harmony with government recom-
mendations, especially the expressed
desire of President Wilson that the
usual standards of school work be
maintained. All the ladies present
tacitly renewed their pledge to sup-
port officially in every possible way
the work of our schools. Late in the
afternoon they were addressed by Su-
perintendent Richardson D. White,
who suggested methods by which P-
T. A. work and war work in schools
could be tied together. All seemed
to feel that the big essential is to sup-
port the government in every way in
its effort to win the war.

Guests entertained by Mrs. Bar-
ton were Mrs. E. A. Glassburn, presi-
dent of Cerritos avenue P-T. A.; Mrs.
Edna Sawyer, president Pacific ave-
nue P-T. A.; Mrs. J. J. Wernette,
president High School P-T. A.; Mrs.
B. L. Cline, president Colorado bou-
levard P-T. A.; Mrs. Blake Franklin,
president Intermediate P-T. A.; Mrs.
C. M. Van Dyke, president Columbus
avenue P-T. A.; Mrs. Lydia Kulp,
president Broadway P-T. A.; Mrs. E.
East, president Doran street P-T. A.;
Mrs. George Dewey, president
Central avenue P-T. A., and of course
Superintendent White.

SAN DIEGO EXPERIENCE

Mr. and Mrs. J. G. Hunchberger
and daughters, Miss Evangeline and
Miss Virginia, Mr. and Mrs. J. H.
Smith and Miss Charlotte Castle
made up a congenial party which mo-
tored to San Diego for the week end
at the U. S. Grant Hotel, San Diego.

They report a most delightful trip
which included visits to Camp Kear-
ny, Point Loma, Exposition Park and
other points of interest around San
Diego. The party were amazed at
the number of troops at Camp Kear-
ny. The number 60,000 means little
until you see that number actu-
ally in camp. At Exposition Park,
where the sailors are quartered,
something like 3000, the scene is
equally interesting.

The scene at the U. S. Grant Hotel
Sunday evening was a most bril-
liant one. The lobby was crowded
with guests and officers from the var-
ious camps and boats, who came to
meet friends and to listen to the most
excellent program of music.

It was an impressive sight when
at the close of the concert the band
struck up the national anthem, "The
Star-Spangled Banner." Instantly
the scene which had been one of great
animation was changed to one of si-
lence. Conversation ceased and the
officers stood at attention. In re-
sponse to this demonstration the
hearts of all thrilled with patriotism
and love of country.

A stop was made at the Village
Grape Festival which is one of the
annual institutions of Escondido, on
the return trip, the party arriving
home Monday evening.

NEW WEATHER STATION

The establishment of an evapora-
tion observation station at Chula
Vista in San Diego county is an-
nounced by Meteorologist H. F. Alci-
atore of the local weather bureau. The
station is installed largely for the
benefit of the Western Salt Works
company there and will be maintained
without cost by the company em-
ployees. A tank four feet in diam-
eter and 10 inches in depth consti-
tutes the equipment for the evapora-
tion station, besides the usual weather
bureau equipment of thermome-
ters and rain-gauges that go with all
weather bureau stations. The evapora-
tion station is the only one the
weather bureau has in Southern Cali-
fornia.

NEW BRIDGE BUILDING METHOD

On a bid of \$68,000 the contract
has been awarded for the construc-
tion of the Santa Marguerita river
bridge in San Diego county. New
methods for coast highway bridge
construction are to be tried out in the
building of the new bridge. Piles 35
feet in length are to be driven under
each of the eight solid concrete piers.
The concrete foundation of each pier
will be 12 feet beneath the ground
and the piles will be extended an ad-
ditional 35 feet into the ground. This,
it is thought, will preclude the possi-
bility of the structure being washed
away even during the most severe
sort of torrent in the river. Alto-
gether about 275 piles will be used.

Advertise it, or advertise for it in
the Evening News.

Teas and Coffees With Flavor

Chase and Sanborn's Teas
and Coffees make delicious, in-
vigorating beverages, possess a
true flavor, but when they are
insipid to the taste they are like
the little girl when she was
bad—they are simply "bad." Our
teas, coffees and spices
have that real Oriental flavor
and fragrance so much desired.
Our rice, hominy and other
cereals are quality goods.

STATE OF CALIFORNIA, ss.

County of Los Angeles.

F. H. Vesper, President, and Herman Nelson, Cashier of Bank
of Glendale, being duly sworn, each for himself, says he has a per-
sonal knowledge of the matters contained in the foregoing report
of condition and that every allegation, statement, matter and thing
therein contained, is true to the best of his knowledge and belief.

F. H. VESPER, President,
HERMAN NELSON, Cashier.
Severally subscribed and sworn to before me by both de-
ponents, the 11th day of September, 1918.

M. G. SMITH,
Notary Public in and for said County of Los Angeles, State of
California.
My Commission expires June 3, 1922.

OFFICES**

VICTORY FROM DEFEAT

In the memorable ash flow from
Mount Lassen on May 20, 1915, the
farm of Charles Hawkins, which is
the farthest up Hat Creek, was bur-
ied in ashy mud varying in depth
from twelve to twenty-eight and
thirty inches. Thirty acres of alfalfa
were buried out of sight. Half of
this meadow, where the mud was
twelve inches deep, was not de-
stroyed. In time next season the
buried alfalfa found its way to the
surface and sent out new roots. Haw-
kins cut a good crop of alfalfa there
the second year. He plowed the other
fifteen acres, where his meadow was
buried over a foot deep, and reseeded
it. Hawkins says that the best alf-
alfa crop in the valley will be har-
vested this summer from that portion
of his meadow that was buried the
deepest in volcanic ashes.

There is a Red Triangle hut in Hol-
land which the soldiers call "alf-
way hut to heaven." It is for interned
men.

CITY TRUSTEES.

(Continued from Page 1)

ing roll call, Jackson, Henry, Shaw, Muhleman, Woodberry, all voting aye.

Trustee Shaw made a report in regard to transformers for the Public Service Department. In this connection a letter was read from the City Attorney, advising that the city would not be authorized under the law to expend any portion of Municipal Improvement District No. 2 bond fund for the payment of any obligations entered into before the district was organized.

Trustee Shaw presented the following resolution, which on his motion was adopted, all voting aye.

It appearing that the General Electric Co. has tendered delivery to the city of certain transformers under contract dated November 22, 1917, and the city being unable now to pay the price due under the contract by reason of non-receipt of income from which same is to be paid. This Board hereby authorizes a modification of said contract by which 50% of the contract price is to be paid December 15, 1918, on delivery of transformers, 40% on January 15th, 1919, and 10% on February 15th, 1919, and the city will pay 6% interest on each of said instalments for the time that same is deferred; also demurrage that has accrued on cars in which said transformers were shipped to Glendale, and also freight on said transformers from Glendale to Los Angeles and from Los Angeles to Glendale, and the City Attorney is directed to draw a contract accordingly.

Trustee Shaw presented an ordinance providing for the presenting and auditing of demands against the City of Glendale, which was read and laid over for further action.

A communication was read from the City Attorney in regard to the case of Mrs. Priscilla Houdyshe against the city, stating that in his opinion the case can be settled out of court for the sum of \$75.00 and recommending that this action be taken. On motion the recommendation of the City Attorney was adopted and payment as recommended in his communication ordered to be made, by the following roll call, Jackson, Henry, Muhleman, Shaw, Woodberry, all voting aye.

Applications for permits to hunt within the city limits were received from John Romero and J. L. Barber. Upon motion of Trustee Henry, the permits were granted in both cases. Adjourned.

Just as a Mighty Oak

Can grow from a small acorn—so can a fortune grow from a small bank account.

Both when well started have a steady growth. You can start your account this month. Even though it be a small one at first, if you will steadily add to it in a few years you will have a capital worth working for.

If you live in Glendale, make up your mind to start an account in this Glendale Bank and watch your money grow with the bank and the town.

POEMS OF THE PASSION OF CHRIST

By F. Lee Chauvan

Special Attention: The reading or recital from memory of the poems of Christ's Passion, particularly in moments of depression, or a restless night hour—"I remember thee upon my bed, and meditate on thee in the night watches"—will give to the spirit, in faith persevering, a sweet solace, and the grace of strength and courage to conquer the difficulties it may encounter in the tempest and tears of life.

The Agony of Christ in the Garden
The First Degree in a Christian Life, Obedience

"My Father, if this cup cannot pass from me unless I drink it, Thy will be done."

In Thee is the solace, O Christ!
Of my soul as I pray,
As I drink from the cup of pain
In the strange of my way.

I pray with Thee in Thy prayer's depth,
"Thy will be done, not mine,"
And in my pulse of life I feel
Thy strength of trust divine.

I pray with Thee in Thy prayer's depth,
I lift my cup above,
I'll drink to its dregs is my pledge,
Is the test of my love.

In Thy armor of truth I stand,
Facing my darkened way,
My soul's first degree is its trust,
To fear not and obey.

The Scourging of Christ at the Pillar
The Second Degree in a Christian Life, Fortitude

"With His stripes we are healed."

At pillar of pain I bow, O Christ!
Confirm me in Thy will;
As the whip's sharp strokes I bear,
My soul

With Thy fortitude fill.
Thou bore the merciless lash of wrong
To give the truth to me;
I'm bared for the blows of the trial
To prove my trust in Thee.

Let the whip of right in its mercy
Scourge from my soul the wrong;
In sin oppressed I am weak, O Christ,
In Thy truth I am strong.

I bow with Thee at pillar of pain,
I hear in voice revealed,
In Thy voice of love that speaks in me,
"By my stripes thou art healed."

The Crowning of Christ with Thorns
The Third Degree in a Christian Life, Meekness

"Blessed are the meek, for they shall inherit the earth."

Thou wert crowned with thorns and mocked, O Christ!
Place Thou Thy crown on me;—
O press deep the thorns, press out the false,
Press in Thy victory!

I'm born anew in the purple pure
Of King that never dies;
The only pride of His court is love,
"Tis love His herald cries.

I must meekly wear His robe of court,
I must bear the evil smite,
And make His reed, as a courtier true,
My emblem of the right.

Let the palace ring with praise of King,
Whose grave's his glory's goal,
With reed of the meek the earth is mine,
Says the King of my soul.

Christ Carries His Cross
The Fourth Degree in a Christian Life, Courage

"And he that taketh not his cross and followeth after me, is not worthy of me."

When 'neath Thy cross Thou fell, O Christ!
No val'rous love was there,
No son of Israel said to Thee,
"Master, Thy cross I'll bear."

The angel senate 'rose to award
Its own wreath of glory;
Heav'n was hushed—no deed heroic
glowed in Israel's story.

When 'neath my cross I fall, O Christ!
Thou'rt the Hero divine,
In my meekness and fortitude,
To make my burden Thine.

In the strength of Thy love I'll lift
Tear-laden hearts to Thee,
I'll bear their cross as Thy burden
light,

Thy yoke of ease to me.

The Crucifixion
The Fifth Degree in a Christian Life, Love

"I am the resurrection and the life."

In the wound of thy heart, O Christ!
A light triumphant gave
A life to the heart of the dead
In the dark of the grave.

They rose in Thy light of sacrifice,
That gave true life in Thee,
That rent the veil of the mortal
And made its bondmen free.

Hands pierced for me rest on my brow
With blessing of sacrifice;
In Thee is the love that giveth
My soul's redemption price.

In the hour of my strange quiet—
My hush of mortal breath,
In the truth of Christ I shall rise
Triumphant over death,

115 N. Glendale Ave., Tropico Dist.

LA CANADA

Friends of Sergeant Edwin Cooper will rejoice in hearing that he has arrived safely overseas, a postal card to that effect being received by his mother, Mrs. H. L. Cooper.

Mrs. A. S. Van De Grift of Burr avenue is recuperating from a serious operation at the Glendale Sanitarium.

Mrs. Joanna Murray, her daughter, Mrs. J. Fenton Knight, and Tommy and Elizabeth Knight left on Wednesday for a ten days' outing at their Hermosa cottage.

Dr. and Mrs. Darius B. Scott are enjoying an indefinite sojourn at beautiful Pacific Grove in the northern part of the state.

Mrs. Charles McNichols and Miss Phila O'Neill, both of Los Angeles, were week-end guests of Miss Lillian Selleck.

Malcolm McNaughton and family have moved from Hermosa back to Coronado for the balance of their vacation. They will return to La Canada about the middle of October.

All residents of the Valley will be glad to know that church and Sunday School are now in activity again, beginning last Sunday, September 8th, Sunday School at 10 a. m., church service at 11 a. m., the Rev. Maile of Los Angeles officiating. Dr. Maile will officiate next Sunday also.

Mrs. McDonald, a former resident of La Canada, is "doing her bit" to cheer the soldiers at Camp Kearny by singing for them at the Liberty Theatre there.

Guarantee the soldiers' sugar ration by sticking to your own.

Frank Nekuda, whose former wife is now a resident of Arizona, is engaged to be married to a school teacher in Nebraska.

The La Canada grammar school opens Monday morning, September 16th, with Miss Henrietta Horne and Miss Lulu Green as teachers, Miss Horne in the capacity of principal.

All women working on refugee petticoats are requested to have the garments in at the Red Cross rooms by September 25th.

The amount of pay which our soldiers now get while training and fighting is four times as much as the British soldier gets, 8 times as much as the French, and nine times as much as the German.

P. H. Johnson is very kindly assisting Mr. Maynard in the moving picture booth on entertainment evenings, in place of Max Green.

Little Zoe Rae, the diminutive leading lady of Universal, is to be featured in the Bluebird production, "The Silent Lady," coming to La Canada auditorium on Friday evening. Little Zoe belongs to that small group of infant stars which includes Baby Marie Osborne, Thelma Salter and Madge Evans. Prominent in the kid's supporting cast is Gretchen Lederer, one of the most beautiful women on the screen.

Word has been received by H. E. White from his son Manton, who is overseas. Manton states that one does not appreciate California until away from it. He says that it rains continuously where he now is.

The remarks of Farm Advisor Coits at the meeting of the Farm Bureau on Thursday were most interesting, his subjects being a "Report on the Sacramento Convention of Farm Bureau Presidents" and an "Outlining of the Food Production Campaign for the Coming Year."

The Finance Committee of Red Cross will greatly appreciate it if those persons who have not been called upon will leave their subscriptions on Tuesday or Friday or send their check to Mrs. Penfield.

Mr. and Mrs. Ellis have received word of the safe arrival of their son Sydney in France.

Mr. and Mrs. Beam of Whittier were recent guests of Mr. and Mrs. A. G. Williams.

James M. Huntington, our late blacksmith, paid a visit to La Canada while en route to Pasadena to see the lately arrived Huntington, Jr. Both mother and son are doing splendidly.

Lloyd Ppet has arrived overseas safely and sent a postal card to his mother to that effect. We are all glad to know of this and hope that the time is not far distant when all our boys may arrive safely home again.

There were twelve present on Tuesday at the Red Cross rooms. The gauze room is greatly in need of more workers.

Our valley is indeed thinning out in point of population. Two more of our best citizens are contemplating obtaining employment at the shipyards, C. F. Pate and H. L. Cooper. We shall be sorry to lose them. As some one remarked recently, the greater portion of the male population of La Canada are either in France or at San Pedro.

The head of the knitting department of the Red Cross reports plenty of free wool so that the knitters may "get busy." Last month's output of knitting was seven jackets, four mufflers, four wristlets, fifteen pairs of socks and two helmets.

Our government compensates its soldiers for the rest of their lives if they are disabled, by giving them as high as \$100 a month for total disability, and teaching them new trades if necessary, so that they can make a living.

The "Official Bulletin," published by the United States Government, contains all information regarding the progress of the war, accurate details, casualty lists and all news pertaining to the great conflict. This paper is sent to all postoffices in the United States and the latest issue can always be found at our postoffice. Avail yourselves of the Government's thoughtfulness in providing this means of keeping in touch with our boys "over there."

Our orchestra still has a number of vacancies. All persons with musical ability are cordially invited to join. Rehearsals are held every Thursday at the school house at 8 p. m.

Wesley Selleck returned on Friday from a short trip to the Imperial Valley.

Mr. and Mrs. Whyte Womack are enjoying a vacation, part of which has been spent at Catalina Island.

Robert Sturdevant, son of Harvey Sturdevant of School street, will come to La Canada next week to spend several days with his father.

Robert Horne has been stationed at Pensacola, Florida, according to a letter received recently from his mother, Mrs. Harry Horne.

The sugar ruling remains the same, viz.: 2 pounds per person per month. Home canning will be taken care of, but the domestic allotment for September shows a decided shrinkage over the August amounts allowed commercial users. It behooves us all therefore, to still be as sparing with sugar as possible.

We have now over 1,000,000 men in France.

This is the gastronomic history of an American transport in a recent voyage as given in the vessel's own report printed abroad: 210,000 meals were served during the trip; 180 varieties of food were used in varying the menus; 750,000 pounds, 3750 tons, of food were carried; besides flour, potatoes and beer, the big three, there were 159,000 pounds of fresh vegetables and 132,000 eggs waiting to be served; 7290 loaves of bread baked and eaten in one day.

Do you know that one \$100 bond will clothe a soldier or will feed a soldier for eight months? Do you know that a \$100 bond and one \$50 bond will clothe and equip an infantry soldier for service overseas or will feed a soldier for a year?

Although no mention has been made recently of our picture entertainments, the committee are still on the job. Their efforts are being doubled to make the entertainment scheduled for October 11th a huge success. This date will mark the first appearance of the orchestra of six pieces under the direction of Frank Lanterman. A pleasing musical program has been arranged. A Super Feature film is being taken under consideration, namely, Rex Beach's masterpiece, "The Barrier," also a new series of travel pictures, "The Spoilers," said to be the most popular film ever produced. Story, cast, photography are all superb. Prominent players in the story are Mitchell Lewis, brother of Edgar Lewis, the well-known director, Victor Sutherland, a popular leading man, and Mabel Julienne Scott, a beautiful Spanish-American type, who plays "Necia." Let the committee's efforts be rewarded by the biggest attendance yet. This elaborate program is worthy of your support. The hot weather has been taken into consideration, together with the vacation period. By October 11th these will both be over. Therefore, by your presence, enable the committee to realize their most cherished desire—that of donating a substantial sum for war relief.

Do you know that no nation since civilization dawned has undertaken the task of colossal warfare so far from its base as has the American Republic in this world conflict?

According to instructions from the Pasadena Red Cross Chapter, all refugee garments must be in by September 25th. So says Mrs. F. S. Lea.

TUNJUNGA

A few of Mrs. Mehard's friends gave her an agreeable surprise on Tuesday eve, while she was at home for a few days' vacation. Cake and cream was served during the evening and a general good time enjoyed.

Dr. White and daughter Rebecca

Glendale 21—Phones—Home 751

narrowly escaped a severe accident on Saturday. They were driving in their auto on Michigan highway, when they saw another auto coming toward them acting very queerly, so they gave all the road, but the other machine collided with theirs, doing considerable damage, fortunately neither of the occupants being injured.

Some one while out hunting Monday morning carelessly dropped a lighted cigarette in the brush near the small reservoir. Two children passing soon after saw the fire and tried to put it out but not succeeding called for help. After a half hour's work it was extinguished. Mrs. Terry, son and sister were the first there and worked hard with wet gunny sacks in putting out the fire. Had there been any wind, the outcome would have been serious.

Mrs. Smellie has again returned to the Valley from Sawtelle, and hopes to stay all the winter.

Mrs. Hansas, wife of Captain Hansas, who is staying with Mrs. Colburn, had the misfortune to fall off the back steps about fifteen feet, and while not seriously injured was badly shaken and suffered bruises on her arm and shoulder, as well as a contusion on the head. It was a great wonder she was not more seriously injured.

The Red Cross held their sewing bees on Friday and Tuesday afternoons. There was only a small number in attendance but considerable work was finished. Miss. Gilbert and Mrs. Wieman went to Pasadena on Friday to attend the meeting of auxiliaries, held at the Red Cross Chapter. An instructive talk followed by a social time was in order. Representatives of more than one hundred and thirty auxiliaries were in attendance.

John Lewis and family have gone to their ranch at Hynes for the winter.

The Ladies' Aid held their monthly meeting with Miss Brown on Olive street.

Glorietta Heights school opened on Tuesday with a very good attendance. Mrs. Strain and Miss Samuels are the teachers. Arrangements have been made for those attending Glendale High, so it is hoped everything will run smoothly for the school year.

Registration was held at the home of Philip Begue on Thursday the 12th.

Miss Evelyn Pettitt and mother motored to Redlands on Thursday, where they will reside for a time. Mr. Niemeyer took them over.

Services will be held at the Episcopal church on Pine street on Sunday, September 15th, Rev. R. Rennison officiating.

Mr. and Mrs. Sweet of Santa Ana were guests on Tuesday of Mr. and Mrs. Woodruff.

Mrs. Darlington returned Tuesday from Redlands, where she had been called on account of the illness of her father and mother. The father passed away but her mother is still very ill.

The agitation to annex to Los Angeles has apparently died out. At a meeting recently held by representa-

tives of these upper valleys with Chief Mulholland of the Los Angeles Water Department, it was learned that the Owens River water can not be delivered at a high enough elevation to make it practical to deliver to the Altadena and foothill territory that was aimed for. Pasadena water levels in their good pumping area are higher above sea level than the elevation at which the Owens River water would come. Pasadena is deeply interested in the development of the upper Tunjunga watershed and Mulholland has tentatively announced a future plan of Tunjunga development with a tunnel out from the Tunjunga to the Arroyo Seco canyon to deliver water only to users under the 1900 foot elevation. This would leave about two-thirds of the foothill territory of Canada, Crescenta and Monte Vista above the delivery. No official estimate has been made of the cost, but tentative figures of \$350 an acre are understood to represent the probable costs of impounding. This would not be an impracticable figure for densely populated places like Pasadena, where they average four families on one acre, but in the foothills it is out of reach for the present.

A break in the main pipe line this week has kept this place on short water rations this week. When a break occurs on the main line this community is in the same fix that Los Angeles is with a break on the aqueduct. When we are more densely populated we will have duplicate lines and larger storage area and incidentally more canyon development.

A TURKEY STEPFATHER

A Barstow turkey gobbler is doing "his bit" to help Uncle Sam win the war. Mrs. Stutesberry's big gobbler, instead of strutting around making a noise, has been quietly going around pre-empting the hen's nests whenever he found biddy had deposited an egg therein. He acted so persistently in this work Mrs. Stutesberry gave him a setting of 25 eggs and he hatched out all but five, and they are doing well under his care and he jealously guards them from predatory cats. In fact he allows no dog or cat to enter the yard since he became a "mother."
